

# Wrap-Around Facilitation Training

## The Structure of the Wrap-Around Team

### Waiver Rules

- Waiver Services are a unique set of services available for the child and family until specific goals related to the Plan of Care are met.
- For a child on the waiver Wrap-Around Facilitation is a required service.
- Wrap-Around Facilitation is only focused on those tasks that are involved in creating, reviewing and adapting the Plan of Care.
- Because Wrap-Around Facilitation is a separate service under the HCBS Waivers, it is billed to Medicaid as a separate, unique service.
- Wrap-Around Services involve the establishment of a Wrap-Around or Wrap-Around Team.
- A full Wrap-Around Team meeting for the initial and annual review of the SED or PRTF Waivers is required. A list of participants, along with their level of involvement, must be included in the Plan of Care.
- Confidentiality is a right of the family and child.

While there often is a focus on the Wrap-Around Meeting itself, the truth of the matter is that much of the most time consuming, most difficult and most significant part of your job is now behind you.
